Our Medical Products

Pulse Oximeter

Accurately monitor blood oxygen levels non-invasively for effective patient care.

Digital BP Monitor

Reliable wrist or arm blood pressure monitoring for home or clinical use.

Nebulizer

Efficient aerosol medication delivery for respiratory treatments.

Fetal Doppler

Safe home monitoring of fetal heartbeats with clear audio output.

Our Medical Products

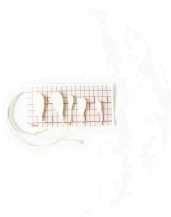

Digital Thermometer

Quick and accurate digital body temperature measurement for all ages.

Adult Diapers / Care

Premium adult diapers providing maximum absorbency and skin protection.

ECG Electrodes

Self-adhesive ECG electrodes ensuring reliable heart rhythm monitoring.

Drapes/Masks/gloves

Essential sterile drapes, masks, and gloves for surgical procedures.

Our Medical Products

Nebulizer Kits

Complete replacement kits for nebulizer therapy, including masks and tubing.

BP Cuffs

Durable and comfortable blood pressure cuffs in various sizes for accurate readings.

Oximeter Probes

High-sensitivity sensors for continuous oxygen saturation monitoring.

Ultrasound Gel

Acoustically correct transmission gel for diagnostic ultrasound procedures.

Our Medical Products

Glucometer + Strips

Easy-to-use blood glucose monitoring system with precision test strips.

Portable Suction Machine

Reliable and portable airway clearance device for clinical or home use.

Handheld ECG Device

Compact and easy-to-use device for quick cardiac rhythm assessment.

Defibrillator (AED)

Automated external defibrillator designed for rapid response in cardiac emergencies.

Our Medical Products

Wheelchair (manual)

Ergonomic and lightweight manual wheelchair for enhanced mobility and comfort.

Oxygen Concentrator

High-efficiency medical-grade oxygen supply for respiratory support.

Hospital Bed (manual)

Sturdy and adjustable manual bed designed for patient comfort and care.

Portable Ultrasound

Advanced imaging technology in a compact, portable format for point-of-care diagnostics.

Our Medical Products

Patient Monitor

Multi-parameter monitoring of vital signs for comprehensive patient assessment.

Sterilization Unit

High-performance autoclave for effective sterilization of medical equipment.

Surgical Instruments Set

Precision-crafted stainless steel instruments for various surgical procedures.

IV Stand

Adjustable and stable IV pole for secure fluid administration.

Our Medical Products

Continuous Glucose Monitor

Real-time glucose tracking for better diabetes management without fingersticks.

Dressing Kits

Sterile, all-in-one kits for efficient and hygienic wound care management.

Urine Bags

High-capacity, leak-proof drainage bags with secure attachment for patient comfort.

Cotton Swabs

Medical-grade sterile cotton swabs for cleaning, application, and sampling.
